Description

The SD5 women's medical sabots combine breathability with a perfect fit. The perforated upper ensures excellent air circulation, essential during long shifts. Thanks to precise instep width adjustment, the footwear adapts perfectly to the foot. Built on light-gray PU soles that remain durable and non-yellowing. For the beige model (19): Made of high-quality microfiber, which is not only hypoallergenic but also exceptionally easy to clean—just wipe with a damp cloth to restore the shoes' pristine look. Lightweight design: Reduces leg fatigue during long shifts. Hypoallergenic insole: Made of thick, breathable microfiber to prevent chafing. PU sole: Light-gray color that doesn't yellow – ensuring long-term durability. Easy to clean (for model 19): Beige microfiber is exceptionally simple to keep hygienic.
